Upcoming Events

In the coming months BASH has many events that we hope many members and non members join us at.

SnoBASH 2 is on, we hope for snow but if there isn't enough we will be carting in Bear Valley. It should still be cool enough for us to run during the day. In April there has always been at least one storm that drops that last chunk of snow and we hope it happens again this year.

Paw Printers- we did this last October and due to popular demand we are bringing them back again. They make an imprint of both of your dog's front feet. You pay for them and then have them put in various things they make. I have a tray with each of my dogs foot prints and I bought my mom stepping stones with all of her "granddoggies" prints. It is a neat keepsake of your dog.

We have our specialty match coming up were we show both our AKC Siberians and those that are not purebreds. It is a day of fun and trying something that most of us would not try in a "real" show ring. Bill Griffiths and Celine Tews will be our judges for confirmation and we are working on a judge for obedience.

Watch for a confirmed date for the vaccination clinic. We are hoping to do it in conjunction with another group that also would like to do more microshipping.

Throughout the summer we will be camping on Mt. Umunhum and running the dogs by the moonlight. Usually 3-7 families go and up to 30 dogs... it is great fun and a nice get away.

Do you have a place you would like to host a walk (3-5-10 miles) on the beach in the hills, a new camping place we can have the dogs? An event you think would be fun? Contact Marie Stevens with your ideas and we can help make it work

Have a safe and wonderful EASTER

Richmond District After School Collaborative
March 2, 2007

Patty La Cava, along with her partner Chris and fellow educator Jennifer, came to Lafayette Elementary School in the Richmond District of San Francisco. She taught students how the dogs are harnessed to carry cargo on the sled, or just for a walk in the city! Students also participated in a fun activity where they raced around the school yard as an official Iditarod dog sled team! Students are involved in RDASC's IditaREAD program— a reading race modeled after the Iditarod.

Happily Ever After...Furry Tails

**PetSmart and PetSmart Charities are looking
for your inspirational adoption stories**

To celebrate our upcoming **3 Millionth Adoption**, we are holding an online adoption story contest called "Happily Ever After...Furry Tails". Customers, associates, and our adoption partners will be encouraged to submit their inspirational adoption story about a pet they adopted or placed into a loving home through our in-store adoption program. The top 10 stories from each of the 3 categories will be selected internally and posted on our website for public voting. We hope the contest will create awareness and possibly inspire customers to consider adopting during our Spring National Adoption Weekend, helping us get that much closer to 3 Million lives saved!

What: Inspirational Adoption Story about a pet you adopted through the PetSmart Charities Adoption Program. Story must be 200 words or less.

How to submit story: Visit www.petsmart.com/adoptioncontest for full contest details

When: Stories can be submitted from March 12 through April 8, 2007.

Voting: Top 10 Stories will be posted for voting April 9 through April 22, 2007.

Thanks for taking the time to share your story with us!

SnoBASH 2007 – April 21–22

We will be holding the event at Bear Valley Cross Country. Most years we give rides to Disabled adults on one of the two days. We don't know which day yet, nor if we are for sure doing it.

Rooms at Tamarack Lodge go quickly. BASH reserves the entire lodge. Dogs are not allowed in the rooms. All of our dogs stay in our vehicles at night. They offer a continental breakfast each morning or those staying at the lodge. Rooms are for 2 nights. The last few days you can get them for one night. The main lodge has rooms that are dorm style

(bathrooms and shoer down the hall). These rooms for two nights range from \$190 to \$210 (two adults per room)

All rooms sleep two and some sleep more. Extra people in a room are charged \$10 per night.

There are two barn rooms that sleep up to 8.

They each have kitchens and a separate bedroom area. They are \$370 + per room (works out better than two rooms).

Contact Randee for more information and/or to reserve a room. 50% deposit on rooms.

Jared is a sweet gentle boy that is about 2 years old. He is great in the house, loves to play with other dogs and walks ok on a leash. He is also great in the car. He does like to gather all the toys in the house for himself so he probably won't be good with a young child that also likes stuffed toys.... He will make a great companion to another dog or will be ok on his own if he gets enough exercise.

NINJAI like to be with my people as much as I can and when they go away I do get lonely, I am super sweet, love to give kisses and will do about anything for a treat. I love my Kong and as you can see I like to lay on the couch. If you need to leave me outside when you're gone I would do best in a kennel run or fenced yard with a hot wire at the bottom and top, I will dig or jump to get out, but really I just want to be with you. If I had plenty of exercise and mental stimulation I would be okay to leave in the house. I guess you can say I'm just a big puppy and act like one, especially when I'm having fun in new places. I really don't need another dog to be with as long as I have you, but one other one would be okay to share your attention with. I do like that human attention, and I love children too!

Glacier and her daughter are both good indoors, need leash training, not cat friendly, don't like being alone (ar at least separate from the other) Tommy Girl is very outgoing, happy, lovable and friendly. Glacier is shy and lovable. They are great together! if apart they will need a bit of work/patience. If you need more call. They both know sit, shake and give kisses.

Celine is a very sweet woolly coated husky that has been neglected recently. But she so much wants to be loved. She is good with other dogs, and kids, and may even be good with cats (though we havn't tested her with cats). She is bi-eyed, but her blue eye has juvenile cataracts, and is a bit swollen. Though blind in that eye, it doesn't bother her, and she looks at you with loving eyes. Do you think you have the home that she can call her's?

Apollo was an owner surrender to a local shelter. He has the sweetest disposition, and just loves his human family. He also has a side that likes to play with other dogs around. He just wants love and pets and attention. He rarely barks or howls, and he quietly sleeps through the night ins ide the house. He is house trained, microchipped, and current on shots. He loves to play fetch and run around the back yard with other playmates. He loves to go on walks. Inside the house he is pretty calm and will sit or lie down at your feet. Apollo is a wonderful dog and would be best with a family who has another playful dog, or with someone who is home a lot to spend time just hanging out with him.
