NORTHERN CALIFORNIA ALASKAN MALAMUTE ASSOCIATION  
5<sup>TH</sup> ANNUAL

# Umunhum Run and Camping

August 20, 21

In previous years I was able to set a schedule for the summer. This year we have been unable to run as much because they have been demolishing buildings on the old base. It has been too dangerous to be there so we have waited to set the runs. This is TENTATIVE...can change from weather, Fire or schedules that cause us to change the date.

We have a MULE now for carting and bathroom runs. This will be the first camping trip of the summer. We have to pull out all the stuff we put away for the winter (BBQ, tables, etc)

We meet around 5 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a

group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by 11 am.... You still have time to do things before the end of the weekend.

Most people go up for the whole event. SOMETIMES (not all the time) we have a couple that only come up for the evening part. This can only happen if we have at least two cars going down at the same time.

**Time to meet- 5 pm at the lowest gate (there are three locked gates so we have to stay together)**

**RSVP Randee at (408) 371-1841 or [bash@com-ctl.com](mailto:bash@com-ctl.com) by the WEDNESDAY before the weekend to find out what to bring and for how many.**

**What you need to bring- your own drinks, sleeping bag, food for your dog and food for dinner and or breakfast**

Serving the Bay Area & Northern California

Mlise A 831-970-2360 [brndy2133@yahoo.com](mailto:brndy2133@yahoo.com)

Chinook is a striking 2 year old male siberian husky. He is about 55 pounds so he is also average size for a siberian. He is very affectionate and loves human contact. He gets along with large as well as medium dogs, but not cats or small dogs. Chinook loves swimming in a pool, playing with toys and going for walks on the beach plus digging holes in the sand. He is very gentle and loves to chew on nylon bones along with playing tug a war with ropes. He knows how to sit, gives his paw and lay down. Chinook loves going for rides, and chases birds in our yard. He needs a family with husky experience or one that wants to work with an intelligent siberian.

Bandit is a smart high energy boy that loves to talk .He loves to go for walks, on a morning runs or just likes to snuggle. He interacts well with large to medium dogs ,he is still a puppy that chews, rip's papers and puts everything in his mouth. Bandit also digs and hides his toys in the yard. He walks well on lead and does not pull. Bandit is a great dog that just wants a great family.

Beth Chamberlain 408-859-3101 [b.d.c@comcast.net](mailto:b.d.c@comcast.net)

Brad/Jhargis is a beautiful 3 year old Siberian Husky mix. He is a tall, leggy boy about 55 lbs. with a snowy white coat and a grey saddle. He has deep brown eyes. He loves to be with the family and would make a wonderful companion. He would most likely do best with another dog to keep him company when his human companions are away. He has gotten along with other dogs he has been introduced to and while he is curious about cats, he has been easy to call away. He enjoys daily walks and is a pleasure on the leash. He knows basic commands; "sit", "down", "leave it" His does need to have a secure yard so he doesn't decide to take self-guided walking tours.

Heron Ho 510-921-6424 [snowlets8@yahoo.com](mailto:snowlets8@yahoo.com)

Ballari is a 7 year old male with many assets. His name is pronounced "Bah-LAH-ree", and means "walking quietly" in Basque. He does, too. So we put a bell on him! He is leash trained, crate trained, and house trained with a dog door to the backyard. Ballari often talks and sings when happy and greeting you after having left for as while. He is good with other dogs, and social with people. Ballari likes to follow and be near you. He has a gentle and relaxed personality. Though he has a solid "sit", obeying other basic commands will come with training. Ballari will do best with older children--more than 7 or 8, and an experienced owner. He needs a home where he'll be a member of the family and an inside dog (he will not do well kept outside). When left alone, he may try to get out to find his humans and thus will need to be crated or left in a secure home. Having another Husky companion would be ideal.

Randee McQueen 408-371-1841 [bashrr@com-ctl.com](mailto:bashrr@com-ctl.com)

Amadeus is a sweet 3 month old siberian . He is cratetrained and will let you know when he needs to go out. He is FULL of energy and loves running around in circles around my rooms at home. He plays well with all of my other siberians. He loves to talk also. He woo woo's when he has an opinion.
