Dona Miller- Yukon Quest Judge

By Heron Ho

(Dona Miller was a judge at the Yukon Quest this year and has been a judge for various mid distance races in the country. She was a long distance musher)

I attended Dona's Yukon Quest talk at Randee's house, so Randee asked that I write a little summary about it. We all learned a lot and enjoyed listening to Dona's stories. Here are just some of the things that I found out about the Yukon Quest:

- Long distance sled dog races are not for the faint of heart
- Though it's a competitive race there is a camaraderie amongst the racers, even if they are strangers
- Moose are dangerous and carrying a high caliber firearm seems like a good idea
- You have to cross Canada and a customs checkpoint
- Even the professionals lose dogs
- Dogs are VERY well taken care of
- Life of a Yukon Quest judge is arduous. They have to deal with weather, politics and the logistics. (It is daunting just thinking about it)
- Running the Yukon Quest is less costly than the Iditarod
- Rules are strictly enforced

We all had a great time listening, eating, talking and being in the good company of friends. After the talk, Dona brought out some of her beautiful handmade jewelry. They are all dog themed and just exquisite!

Thank you to Randee for being a gracious host (as always), and thanks to all who came. Last but not least, thanks to Dona for giving this talk.

Umunhum Run and Camping

June 23,24

We have a MULE now for carting and bathroom runs. This will be the first camping trip of the summer. We have to pull out all the stuff we put away for the winter (BBQ, tables, etc)

We meet around 5 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a

group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by 11 am.... You still have time to do things before the end of the weekend.

Most people go up for the whole event. SOMETIMES (not all the time) we have a couple that only come up for the evening part. This can only happen if we have at least two cars going down at the same time and one must have a key.

Time to meet- 5 pm at the the CVS parking lot at Camden and Kooser (near the Taco Bell) or at 5:20 at the brown gate.

RSVP Randee at (408) 371-1841 or bash@com-ctl.com by the WEDNESDAY before the weekend to find out what to bring and for how many.

What you need to bring- your own drinks, sleeping bag, food for your dog and food for dinner and or breakfast

Sunday June 3rd- cancelled-

A story with a Happy ending

I fostered a Mom named Roxee and her 5 puppies. over 5 years ago. I placed 4 of the puppies. The wonderful lady who came to see the last puppy also decided to take Roxee...it was a great home. She loved them dearly. After a few months we found out that Roxee had heart worm and we treated it. During that time she had to keep her quiet and the her pup Shiloh went for walks but didn't do a lot because of his mom. They were very bonded. After 3 years the owner contacted me that she had to place both of them as she had lost her job and now her home. She was going to live with her daughter in LA until she found a job. The day she was moving and I was to pick up both dogs Roxee died.... no idea why she just went to sleep and didn't wake up the morning of the move. I took Shiloh who just didn't understand anything about what was happening to his life. Two weeks later a wonderful family contacted me. They were having to take in the wife's 14 year old sister (i never knew why) and she needed a dog that needed her. She had picked Shiloh out of many that she looked at. They bonded immediately and we thought he would be his forever home.....

A year ago his first owner contacted me to see how he was doing and that if he ever needed a home she was now working and was in a place that would allow dogs.....

Two weeks ago I heard from his second owner that they felt they needed to place him. The sister had the opportunity to go to Europe on an exchange student program and she was so bonded with Shiloh that she wasn't sure he would be ok that she was gone. She wanted what was best for him.

I contacted his first owner and asked if she was still available for him.... she called me, emailed me, paged me etc.....oh yes.

I put them in touch with each other and this morning at 11 the two sisters and the first owner met in San Luis Obispo.....They all feel that Shiloh will be fine....they are all happy...

He is now in LA, living back with his first owner and quite happy....

He has helped a number of people through tough times.....and they have helped him.

These are the stories we need to remember and why we rescue.

Beth Chamberlain 408-859-3101 b.d.c@comcast.net

Gwen is a young happy female Husky. She is a social butterfly around both people and dogs (small dogs need to be supervised) and loves to cuddle and look at you with those puppy blue eyes. She is smart and aware of her surroundings. She is house trained, easily learned sit and down, and is making continuous progress being on a leash. Just like any young dog she needs exercise and training for her well being and happiness. She needs a family with Husky/working dog experience, preferably already has another dog as a companion or access to playmates that will love and appreciate such a special girl. You need to meet her at her foster mom's home or not at an adoption fair as I just sit there and don't show how special as I am

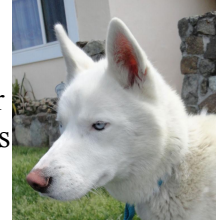

Randy Fishel randyf@sibernet.com

Azul is a happy boy despite his unfortunate situation. He likes other dogs and plays great with other siberians. He was raised with small children, so he is use to being around them., He is not good with small dogs and other small animals. He is a quick learner, but is a challenging escape artist, so should only go to an experienced Husky home. We think he would do better in a home with at least one other dog in the family, and tall fences.

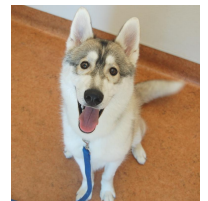

Bill Otto, 408-258-9806, billotto1412@aol.com

Billy is in a BASH foster home. He is a sweet dog, rides well in the car. He is only about 45#s which is small for a siberian and we guess about 15 months old. He walks well on a leash and has some basic obedience skills. He know sit and down. He was tested at the shelter for behavior and passed with flying colors (food and dog to dog introductions) He is housetrained. So far he is a great dog. Hi! My name is Benito. I'm a young active guy looking for an equally active family to adopt. I am very social and enjoy meeting new humans and canines. I'd love to find a family that can provide me with regular mental and physical stimulation. I'd do best in a home where I can work for all the things I love in life. I'm still quite young, and will need help with working on my canine manners, doggie school would be a great place for us to start. Please ask to meet me today if you are looking for an active, smart, and outgoing canine companion!

Pat Hannum 408-732-7491 pathannum@aol.com

Cooper is a small (45 pounds), well mannered Siberian with unique and handsome markings. He likes to walk and explore his environment. Although well behaved in the house and yard, he will need training on basic commands such as " come", "sit", a"stay", etc... You need to contact me or come to an adoption fair to meet him.
