Umunhum Run and Camping

November 20,21

Last one of the year. We put away the BBQ, tables etc...to hopefully preserve tem for next year from the weather.

We have a MULE now for carting and bathroom runs.

This will be the first camping trip of the summer. We have to pull out all the stuff we put away for the winter (BBQ, tables, etc)

We meet around 4 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by 11 am.... You still have time to do things before the end of the weekend.

Most people go up for the whole event. SOMETIMES (not all the time) we have a couple that only come up for the evening part. This can only happen if we have at least two cars going down at the same time.

Time to meet- 4 pm at the lowest gate (there are three locked gates so we have to stay together)

RSVP Randee at (408) 371-1841 or bash@com-ctl.com by the WEDNESDAY before the weekend to find out what to bring and for how many.

What you need to bring- your own drinks, sleeping bag, food for your dog and food for the group.

Due to lack of people that could participate in the Los Altos Lighted Parade, we did not sign up for it.

Hopefully next year.

If anyone knows of a great parade or walk for Christmas, let the list know. Some of us might try to be involved.

Bill Otto 408-258-9806 billotto1412@aol.com

Kate is being returned to rescue after being in a home for 2 years. They have lost there home and are moving to an apartment that does not allow dogs. She appears to be siberian and germen shepherd. Here is what the owners wrote about her- Kate is very good with kids. I have a 5 year old son who adores her, she is very good around him. When we first got her they said that she just had a litter of puppies she took to my son right away. She is house trained she does not jump on the furniture or run around. She will bark to notify you if there is someone at the door. We can all be sitting in the front yard and the gate will be open and she does not run out the yard. She understands you when you are talking to her and she obeys very well. She is very friendly and loves to play with other dogs. Our old neighbor had two small puppies and they use to come over Katie would be laying down while the puppies jumped all over her. See website for the rest of the bio

Randy Fishel- randyf@sibenet.com

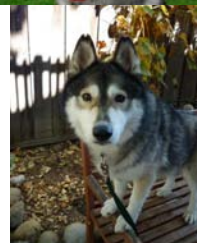

Shasta He is a very sweet and energetic. He is a nice dog but did not appear to have any obedience skills (he doesn't know sit or down) but he is nice. He was in adoption but came out due to a sore paw (no damage or seen problem by the vet) Those that have met

him really like him and say he is a typical 18 month old male siberian.

Beth Chamberlain, 408-859-3101 b.d.c@comcast.net

Hilde Hilde is a very sweet girl. She is strong and needs to work on leash training. She also is working on learning manners. She seems to be used to being independent and making decisions for herself, but she is sweet and wants to please. She just needs to know what is expected of her. As we get to know more about her we will post info.

Karen Fenton Karen Fenton <fendragt1970@yahoo.com>

Loky came to rescue because the family that owned him decided that they didn't have time for him since they were having a second child. He is a purebred siberian but they couldn't find his papers when they surrendered him. He is a great dog that needs a home that wants to love him. He was raised with a child and is good with other dogs. He can be overwhelmed with a situation and will retreat to the nearest kennel. This may pass once he becomes comfortable in the home. We have taken him carting and he did great so he will make a great sled dog.
