The Siberian Talk by Donna Beckman October 12 was very informational. She started with the basic requirements of a Siberian, from the dimensions of the length of leg to the length of body and how the correct dimensions make the Siberian so efficient, the length of coat (cant be to long or it will get ice balls) the shape of the eye (almond protects them more from the elements than a round eye does) the set of the tail (to high or to low affects how efficient they are running) the type of feet (webbed helps them through the snow) the size and stop of the nose (gives space to warm the air and more. She talked about this the first 30 minutes and the second 30 or so she showed why you don't post pictures on facebook and other social media that doesn't show your dog in the best way (this was more for show people but we all enjoyed the pictures)

Thanks to Donna Beckam for the talk and the Northern Siberian Husky Club for offering it.

# Recap- the 11<sup>th</sup> Annual Fall Furry Flurry

Many BASH members attended this FANTASTIC event. The weather couldn't be more perfect. The temperature was great and no RAIN. Walkers started about 9:30 and finished in time to play the games. All entries got a t-shirt special for this year along with a bag filled with goodies for their dog which included toys from Pet Food Express, turkey treats, flushable poop bags, wipes or shampoo from Earthbath, dried liver and hearts from Wileys Snaps, along with other great things. The games this year included the bobbing for weiners (in a clear bucket so all could see better), costume contest, smallest and largest dog in attendance and dog and owner resemblance. People had so much fun, many waited to walk until it was all over.

As usual the raffle was great and the silent auction. We had great items that people bid on. It was so great we are already planning for next year walk.

# Needed- an updated BASH website- anyone interested?

The BASH website is about 12-14 year old...and needs updating. Many things can come off and a few things need to be added. Currently some part are very hard to update without a degree..... Some parts need to be built around parts that come from other websites.

We know this will not be an overnight change but hopefully in the near future (like before 2015)

You will need to be available to talk and work with Randy Fishel so that the sections he has built and we use all the time will be worked with and or around.

We had worked with another person for over a year on design what basic needed to be done, but we never got beyond that.

If you are interested or have someone that you would recommend, please feel free to contact Randee McQueen at [BASH@com-ctl.com](mailto:BASH@com-ctl.com).

# Rescue November 2013

Bill Otto 408-258-9806 [billotto1412@aol.com](mailto:billotto1412@aol.com)

Shadow came to us from San Jose Shelter. he was an owner surrender and the family did not have time for him. He was an outdoor only dog. He had fly strike on his ears and is really shy around other people. He is housetrained and loves to go for walks around the neighborhood. He is gentle and good with other large dogs. He needs some TLC and patients but will make a great companion for someone.

[pattylacava@yahoo.com](mailto:pattylacava@yahoo.com)

Are you looking for a running partner? Dante's small stature, 42 pounds, sleek coat, and beautiful gait make him a great runner. Dante is about 1 year old, a mere pup. He does need more training but is a quick study and eager to please. He is sweet, loving and loves to snuggle while watching TV (after the run, of course). He loves other dogs both big and small, but is a bit much for our 7 pound dog. He just plays to rough. I do not know if he is good with cats. Although he seems too love children, I do not recommend him for a family with children. He guards his food bowl and high value toys and treats. We are currently working with him on this issue but whoever adopts him will need to continue with modifying his behavior. Happily he is quickly learning to trust us with both food and grabbing his collar. He is housebroken but is not crate trained. Please if you would like to adopt this dog or any other dog check out the web site [openpaw.org](http://openpaw.org).

Watch the website for constant updates of dogs. Beth is getting a 3 year old boy from San Jose, Karen and Brian have rescued a cute shy girl from Monterey...both will be up on the site soon.
