# Presents the 20th Annual

Ice Cream Social

*We had great fun today.... Many of us who foster got to see dogs we had had in our homes. We also met many new faces and Siberians that had not attended before. Thanks to all there were at our Ice Cream Social.*

# Umunhum Run and Camping

Oct 5-6

This is TENTATIVE...can change from weather, Fire or schedules (like Baseball) that cause us to change the date.

We meet around 5 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by noon.... You still have time to do things before the end of the weekend.

**Time to meet- 5 pm at the lowest gate (there are three locked gates so we have to stay together)**

**RSVP Randee at (408) 371-1841 or [bash@com-ctl.com](mailto:bash@com-ctl.com) by the WEDNESDAY before the weekend to find out what to bring and for how many. If I do not GET the RSVP by Wednesday, I won't accept it. It has become a growing problem that people wait til Friday and it is just to hard with planning the food. This month there were 4 that called me late.**

**What you need to bring- your own drinks, sleeping bag, food for your dog and food for dinner and or breakfast**

## Like us on Facebook

# ***Learn the Standard for a Siberian Husky***

***October 12, 2013***

***4 pm***

***Randee McQueen's house***

***906 Sweetbriar Dr.***

***Campbell CA***

Donna Beckman, author of Dog's Life Series, Siberian Husky and past president of the Siberian Husky Club of America, Siberian Judge present this talk on Siberian Huskies. She is also treasurer of the Northern California Siberian Husky Club. NCSHC does educational talks on Siberians and I offered my house for one so that BASH members had the opportunity to learn more.

As is often the case in the dog world, the best place to begin with advertising is with the Standard of the Breed.

A complete and accurate knowledge of the Standard for Siberian Huskies is absolutely necessary for selecting animals, exhibiting them well, and selecting photographs for publication. What are the correct proportions called for in the Standard? What are the Standard-fitting head characteristics? How is a Siberian supposed to move? You must know the answers to these questions, as well as be able to apply them to the dogs in front of you and in pictures. Why do all these characteristics make a difference in how they do their job.

For the recreational social enthusiasts that we are, to learn what makes them be such a good sled dog, why their legs need to move a certain way etc....why is the length of leg make a difference. We will be able to equate this information all of our dogs, not just the pure bred Siberian. To be able to talk more accurately on our breed will only help everyone understand them more.

Following the talk will be a light dinner and more time to talk and ask questions.

RSVP by Oct 9, 2013 Randee at ***408-371-1841 or [Randee@com-ctl.com](mailto:Randee@com-ctl.com)***

I hope many will find the time to come to this talk....it will be informative.

Northern California Sled Dog Rescue (NorSled) is an all-volunteer non-profit group dedicated to rescuing, rehabilitating and finding new homes for unwanted, abused and abandoned Siberian Huskies, Alaskan Malamutes, Samoyeds, and Northern-breed mixes in many Northern California counties. NorSled regularly rescues both healthy AND injured or ill dogs from shelters. We nurse them and get them the veterinary care they need while finding them homes. In recent times we have treated dogs for conditions ranging from torn knee ligaments, heartworm and hookworm, to broken bones and gunshot wounds.

Further information can be found at [www.norsled.org](http://www.norsled.org) closer to the event date.

# Rescue October 2013

Mlise Avedian 831-235-9084 [brndy1233@gmail.com](mailto:brndy1233@gmail.com)

Has 4 pups that are 7 months old. They are Siberian /Malamute crosses. They should be posted soon.

Bill Otto 408-258-9806 [billotto1412@aol.com](mailto:billotto1412@aol.com)

Shadow came to us from San Jose Shelter. he was an owner surrender and the family did not have time for him. He was an outdoor only dog. He had fly strike on his ears and is really shy around other people. He is housetrained and loves to go for walks around the neighborhood. He is gentle and good with other large dogs. He needs some TLC and patients but will make a great companion for someone.

Karen Fenton [Fendrag1970@yahoo.com](mailto:Fendrag1970@yahoo.com)

Maximus is an exuberant, young Siberian Husky who is ready to play. He has beautiful parti-eyed (both eyes have part blue, part brown) eye color and white with black and silver mask and markings. He may have some Malamute in him to account for his size and strength.

Greta Huhtla-Koehn [dkoehns@att.net](mailto:dkoehns@att.net)

Chopper is a handsome white husky with stunning blue eyes. He is probably three years old and weighs about 60 pounds. Chopper is a well mannered house dog. He likes to sit on a chair at the kitchen table pretending he is a human. He will go and lie down in his bed when told to go to bed. He likes to sleep in a crate but barks when locked in. Chopper will also come to you and woof twice when he needs to go out. He walks well on a leash and likes to stay near his human companion. He is social with both large and small dogs but really prefers to be with people. He would be happy living with or without dog companions. Chopper readily sits when asked too. He is very smart, eager to please, and easy to train. Chopper does bark when excited and when his person is leaving the house. Fortunately he calms down quickly and is quiet when left alone..
