Woo and Wine...

Nanette is looking at a couple of wineries to do another Woo and Wine. The two wineries on the same site are Little Uvas Winery (LUV) and DeRose Tasting room. Both have outdoor seating as well and you can order pizza and have it delivered to where you are sitting. It's really pleasant.

<https://www.littleuvasvineyards.com/>

We can reserve an area and have a good time with friends and our dogs. Drink some wine, eat some snacks and more.

If you are interested or have another place to try, contact Nanette with the information and or dates that you would be interested in an event. We are looking at September or October.

Agenda

Officer Reports

President Anthony Taskey - no report

Vice President David Garibay – no report

Secretary Beth Chamberlain no report- Absent

Treasurer Randee McQueen absent submitted financial statements and the following report(s):

(attached). Overall we are in a good position. We just closed our fiscal year and are ahead of last year by a little over \$2000.

Rescue Report Randee McQueen- We have placed some dog and help many other place their northern breeds through the various avenues rather than taking to a shelter. We also give those that find Siberians help on placing and SHRCA will also help pay the spay/neuter cost if they are willing to hold until placed. Past adopters have come back to us and if we don't have a Siberian that meets their needs we help them find one through the many other groups and or shelters that will work. WE have received a number of donations recently

Old Business - None

New Business-

Another wine tasting with our dogs. Nanette has a few idea and we will put them in the newsletter with a few dates.... DeRose Winery or the one we went to last October.

What about another hike along a beach? We talked about north of the Golden Gate but I think ended up with south of the Golden gate but Norther of Santa Cruz or Half Moon Bay. Someone mentioned Crystal Springs and they will look into if it allows dogs.

Take a shelter dog on a hike?- Kim said it is nice for the dogs to get out and we should be able to make arrangements to pick up a dog or two for a hike and return them to San Jose ACS

Other ideas that anyone has? We like to do things to get our small group together....we are open to many ideas.

Braggs

Bill's Winston is FINALLY house trained. He has been working on it for over 6 months. He got the boy from Fremont and the shelter workers loved him so much they kept him in their office until he was taken.

Randee's Emburr is pregnant and hoping for puppies by the end of the month

Beth adopted Toasty by default- She had a wonderful family who were looking at her and asked to hold her a couple of weeks while they kept taking if they were ready for a second dog to keep their current dog company since their old one passed...they never got back to her.

Next Meeting- August--- who would like to host it...? With the next on in October and the Annual/Christmas meeting in December.

Meeting adjourned at 6:45

Rescue for July

Dede and Derek were adopted----- Yeah

"#-----",

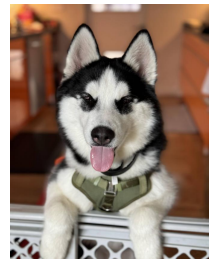

Sprit is a retired show dog looking for a home just to hang out at, go for walks and be a good companion. He is crate trained and my experience is that they have been in and out of hotel rooms that they are 90% housetrained as long as both of you figure out the signal to go out. He is great with other dogs both Extra large and small dogs. He has been around children as young as 2 years old and done great.

Star is a gorgeous girl with brains and energy to match! She was born blind, but that doesn't slow her down at all. She navigates just fine, and all the important things in life (food, sniffy walks, scratches) don't require sight. Star also had a couple of seizures, which the vet is calling idiopathic epilepsy since no other cause was found in testing, so she takes Keppra and that has prevented any more episodes. Star is a smart and happy dog with typical Husky energy. She *loves* meeting new people and dogs, and would do great in a home with other like-minded dogs. Her energy right now is too much for small or older dogs, cats, or small children.

Sweet young Husky mix who has been trained for Canicross, light runs and long play with dogs his size and larger. He is excellent with children and loves to play fetch.

I, dear people, am the puppy of your dreams! Do you love mystery, adventure and quests?

I am the perfect 35#, short haired, bright blue eyed baby boy companion for every stroll and dance! I love children and dote on their conversations. I am currently learning a lot about games and play in my foster home; I'm going to be an avatar did you know that?! I don't know what that is, but my foster boy says I'm so cute I'm going to be the perfect model. I'm just around 9 months old.

I am a wonderful new addition to rescue and am happy to learn, stroll, play fetch and jump into your lap! I love the dogs in my foster home and they LIKE ME! Everyone likes me! They say I'm awesome and sweet! Do you want to find out? Can we read mysteries and go on trail quests together? Or maybe you like the urban adventure? I'd really be up for a puppachino in the park or on the couch anytime! How about this week?

I'm crate trained and good in the house. I'm such a smart boy and learn so quickly!!
