FIVE PET SAFETY TIPS FOR

# Thanksgiving

iVET360

You may be tempted to give your pets some of your Thanksgiving feast, but many treats we love can make our pets ill. Keep your pet safe with these five tips:

-  1. Don't feed your pet turkey. Turkey is high in fat, so even small pieces can cause pancreatitis, especially in smaller pets.
-  2. Keep wine glasses higher than snout and tail level! Alcohol can cause pets' blood sugar and pressure to drop dangerously.
-  3. Baking chocolate is even more toxic than regular chocolate as it contains higher amounts of caffeine and theobromine. But no matter what sweet treats you're baking, keep nosy snouts out of the kitchen.
-  4. Hide the bread dough. The stomach provides a warm environment for yeast to produce ethanol, so when bread dough is swallowed, it continues to expand, causing ethanol toxicosis.
-  5. Whether you are bringing your pets with you or boarding them, check their chips before you leave for vacation. Microchips help your pets get home safe if they do get lost.

# FUN RUNS SNDD.org. Nov 16 Will be in Truckee

Go to their website for dates.... sndd.org

Our Fun Run Events are informal low key gatherings.

They are free and unstaged.

We all usually just meet at the site of each event and hook up our teams to practice passing other teams and help beginners out with friendly advice.

We generally try to have 1-3 of these events each fall for experience in a race type environment to prepare for the upcoming race season.

These are great opportunities especially for young dogs to learn social skills being around other people and lots of other dogs.

Visit our [EVENTS](#) Calendar for upcoming Fun Runs.

## Woo and Wine...

Won't have pictures yet but we are meeting on Nov 3 at Guglielmo winery-1480 E Main Ave Morgan Hill, CA, from 11 to 1.... Join us.

# November Rescue

Heron Ho [heronbash@gmail.com](mailto:heronbash@gmail.com)

Meet Benny, a gorgeous bi-eyed Husky who is such a sweet boy, Benny is the perfect match for a family with kid that enjoys being out and about. Whether you like hiking or just strolls on the beach he is up for anything. He's friendly, playful, and social with both people and other dogs. He does so well on leash, loves saying hi to kids and gentle with them! Benny is crate trained, house trained, and knows basic commands, so he's already off to a great start in manners. He's great with kids, loves attention, and knows how to pose like a model (especially with his husky trio friends!). Plus, no need to worry about him jumping on furniture—he's well-behaved and knows his boundaries.

Sunny is a Male Siberian Husky and is also neutered. Sunny is such a loving, gentle giant who is looking for his forever home. Sunny holds many amazing qualities such as: follows commands( sit, lie down, give me your paw, let's go, house trained, and enjoys car rides and going shopping). The day my son brought Sunny home he took him to Target to buy some food and yummy treats. Everyone was amazed about how handsome he is and well behaved. Many people and children stopped to pet him and he loved it. They also met someone who makes house treats for dogs and exchanged instagrams. Sunny loves homemade dog treats! Sunny also loves to spend quality time with us while watching TV. He lays on the couch like a big o baby. He also loves to sleep with my son on his bed. Sunny loves cuddles, kisses, walks, and is a great jogger. He loves the outdoors. Just make sure to have a well enough secure fence for me!! Per Sunny, I also like to have a good staredown with my foster families Flamepoint Siamese Cat! I don't bark at him because I don't want him to be afraid of me nor do I chase him or any cat that I come across with on my walks.

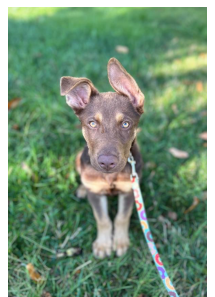

Stone was is an AKC registered siberian that came from a breeder who was no longer able to care for her dogs because of a severe health issue. He was with kids some of the time and other dogs. He was leash trained, crate trained and kennel trained. As we learn more about him we will post more.

Baby Nickie was is an AKC registered siberian that came from a breeder who was no longer able to care for her dogs because of a severe health issue. She was with kids some of the time and other dogs. She was leash trained, crate trained and kennel trained. As we learn more about her we will post more.

Karen Fenton 650-714-1922 [Fendragt1970@yahoo.com](mailto:Fendragt1970@yahoo.com) This little candy drop is 1 weeks old and ready for his forever home! Chocolate came to us as a tiny little baby, abandoned and scared. With the help of his small foster humans and husky elders he's learned quickly that home is fun and full of snuggles and treats. He knows several commands, is leash and crate trained, and is becoming more socialized. On walks he loves to meet all our neighbors and their furry friends. He especially loves small humans. He's starting to chase squeaky balls and will steal stuffies and your heart. Are you and your other companion animals ready to meet him? He's even young enough to learn to be good with cats!!! He would do best in a home with another dog to help guide him, or a loving human dedicated to continue training him and keep the confidence he's gained.

Chocolate will grow to be a a big boy; over 50#. We welcome families with small and/or large dogs and ready for another forever family member! If you cannot, please share the word!
