Hey big Husky fam!!! Come meet me! I'm a Single athletic female ISO family-friendly peeples who enjoy cuddles, wrestles, long walks, Doga, Snow and/or beach time!

I am a 13 week old silver and white female ready to connect with a Husky savvy family FOREVER.

I sit on a dime, stay quietly all night in my cushy crate, and live to play, play, play! I came into rescue for resource guarding, likely because I didn't learn proper puppy manners long enough from my mama and littermates. But my foster Uncles Draco and Hero, and foster brother Darwin are on the job! We have so much fun! Are you ready to be my party and my forever love?

Call my foster mama today!

Ranger is approx 2 to 3 years old and should weigh around 60ish lbs once he fills out. He's on the skinny side at the moment and needs to gain a few...currently weighs about 53 lbs. He has the most beautiful ice blue eyes.

He was pulled from a very over crowded shelter in Modesto by the good folks at Hair of the Dog Rescue with only a couple hours to spare before being euthanized. In a shelter packed with dogs, it's not always easy to stand out from the crowd and get adopted but he was shelter staff favorite and is a certified good boy.

We rescued a husky off the streets about a year ago. She is named Calypso which means one who hides. Multiple vets think she was on the streets for several months, she was emaciated and afraid of being inside, of all men, most women, and all loud noise or sudden movements. She had to be pulled out of a heap of garbage on some lady's side yard. We posted her on forums and checked at several vets, clinics, and shelters for a chip and lost notices and after about a month we registered her while we fostered her.

Calypso is spayed and now a healthy weight. She is now on Trazodone for anxiety. We have put her through group classes and private classes where she graduated from basic obedience training. She will follow basic commands such as sit, down, come, leave it, wait. She loves to play with the other dogs that we have in the house and loves to be outdoors, camping, and go on car rides. She walks well on a leash with minor corrections.

She is exceptionally quiet for a husky and will only have the occasional vocalization. She hasn't been introduced to other animals or children yet. She tends to hide in dark small spaces until she is comfortable in a new environment and likes to find shelter in a crate. She is a very loving dog once she gets comfortable with you and loves to cuddle with big slobbery kisses. For more pictures of Calypso and her adventures, please check out her instagram @calypso.world
