Beer BASH at Clandestine Brewery

A bunch of us had a great time at Clandestine Brewery in downtown San Jose. They have a large covered area (we needed it as it was HOT) to sit and enjoy their beer. A few of us are not big beer drinkers but we found a great summer strawberry beer.. We brought food and they had a food truck you could buy from. It was great just sitting and talking with our friends and our dogs mingling with all.

Mellow and cuddly is my game! Darwin is my name! I am a young, black and white, 45# full grown, happiest boy! Are you close, let me kiss your nose! Is there a people or doggie near - I love to play and snorg toys with you!

I am an easy walker and smoothe talker, though I won't keep you up at night! I bathe and brush well and my foster mommy says I'm just epic! I can be trusted at home and am doggie social. Please won't you come meet me? Look at my cuteness! Look at it! It cannot be denied!

I am house and leash trained. I'm even a compact, medium little main character! Good with all ages, mellow, confident and open to all. I hope to meet you soon bestie!

Ranger is approx 2 to 3 years old and should weigh around 60ish lbs once he fills out. He's on the skinny side at the moment and needs to gain a few...currently weighs about 53 lbs. He has the most beautiful ice blue eyes.

He was pulled from a very over crowded shelter in Modesto by the good folks at Hair of the Dog Rescue with only a couple hours to spare before being euthanized. In a shelter packed with dogs, it's not always easy to stand out from the crowd and get adopted but he was shelter staff favorite and is a certified good boy.

We rescued a husky off the streets about a year ago. She is named Calypso which means one who hides.

Multiple vets think she was on the streets for several months, she was emaciated and afraid of being inside, of all men, most women, and all loud noise or sudden movements. She had to be pulled out of a heap of garbage on some lady's side yard. We posted her on forums and checked at several vets, clinics, and shelters for a chip and lost notices and after about a month we registered her while we fostered her.

Calypso is spayed and now a healthy weight. She is now on Trazodone for anxiety. We have put her through group classes and private classes where she graduated from basic obedience training. She will follow basic commands such as sit, down, come, leave it, wait. She loves to play with the other dogs that we have in the house and loves to be outdoors, camping, and go on car rides. She walks well on a leash with minor corrections.

She is exceptionally quiet for a husky and will only have the occasional vocalization. She hasn't been introduced to other animals or children yet. She tends to hide in dark small spaces until she is comfortable in a new environment and likes to find shelter in a crate. She is a very loving dog once she gets comfortable with you and loves to cuddle with big slobbery kisses. For more pictures of Calypso and her adventures, please check out her instagram [@calypso.world](https://www.instagram.com/calypso.world)

Hopefully we will be having another Wine BASH at a local winery... it is fun to get together.

Meeting in October when we get a location we will give a date. Will be first part of month as Siberian National Dog Show is near the end of the month. We need to decide on a date for the Christmas Party.
